Alker medicale

GHOTO

THERMAL FLASK

Made in
316L stainless steel
with silicone elements
available in **various colors**

CE

STERILIZABLE IN A STEAM AUTOCLAVE AT 134°C

GHOTO

Keep physiological saline solution hot during surgery

It is particularly suitable for **heating** and **cleaning optics during** laparoscopic surgery.

The **silicone cover** with anchored cap contains a hole with a **large slot** for easy insertion of optics.

The **silicone disc** on the bottom of the flask **prevents any damage to optics**.

The **wide silicone base** gives **excellent stability**.

CODICE	DESCRIPTION
HALKF048V	Thermal flask set. Pack of 2 pcs. Green
HALKF049V	Thermal flask set. Pack of 3 pcs. Green
HALKF050V	Silicon anti-tilt base. Pack of 1 pcs. Green
HALKF051V	Silicon cover with anchored cap. Pack of 1 pcs. Green
HALKF053V	Silicon safety disc. Pack of 5 pcs. Green
HALKF055A	Thermal flask set. Pack of 2 pcs. Orange
HALKF056A	Thermal flask set. Pack of 3 pcs. Orange
HALKF057A	Silicon anti-tilt base. Pack of 1 pcs. Orange
HALKF058A	Silicon cover with anchored cap. Pack of 1 pcs. Orange
HALKF060A	Silicon safety disc. Pack of 5 pcs. Orange
HALKF062B	Thermal flask set. Pack of 2 pcs. Octane
HALKF063B	Thermal flask set. Pack of 3 pcs. Octane
HALKF064B	Silicon anti-tilt base. Pack of 1 pcs. Octane
HALKF065B	Silicon cover with anchored cap. Pack of 1 pcs. Octane
HALKF067B	Silicon safety disc. Pack of 5 pcs. Octane
